

Rules of Stay in the “Belorusija” Health Resort during the COVID-19 Pandemic

A guest shall be obliged while staying in the territory of the Health Resort:

- *To provide some truthful information on his/her epidemiological anamnesis upon the entry.*
- *To observe a social distance of 2 meters as well as any warning marks.*
- *To carry as well as to use some personal respiratory protection means (disposable (reusable) face masks), when leaving his/her room and in any public places.*
- *To treat his/her hands with some skin antiseptics being at any public places.*
- *To ventilate his/her room at least 1 time every 4 hours.*
- *To attend any health-improving practice at a strictly scheduled time.*
- *Not to enter any office without an invitation for patient safety.*
- *To have a thermometry 2 times a day during the entire course of his/her treatment (**Off. 102**).*
- *To immediately inform the medical personnel of the manifestation of any clinical signs of the COVID-19 coronavirus infection.*
- *To strictly observe the established procedure when visiting the pool.*
- *To use elevator with no more than 2 individuals inside (except any cases when any arrivals for rest and recreation are the members of the same family).*

Liability for violating the Rules

- *A guest may be prematurely discharged from the Health Resort without any reimbursement for the cost of any unused days as well as shall be liable in the form of payment of some actually incurred losses to the Belorusija Health Resort for violating the Rules of Stay in the Health Resort.*

The Rules shall be binding on all persons living in the Health Resort as well as on any guests.
